READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above-mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to those weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

Recent Murders in Berkley.

"We, the jury, find that Charles W. Parks came to his death April 29, 1907; that death was due to fractures of the skull, said fractures of the skull were inflicted by an iron pipe in the hands of Tom Lassiter, alias Tom Price, or William McIntosh, or both; the said injuries were inflicted April 28, on Berkley avenue."

This was the verdict of the jury of inquest which yesterday injuried into the cause of the death of Charler W. Parks, the Berkley victim of the negro highwaymen who made a murderous tour through Berkley ward Saturday night and Sunday.

Irene Lewis, one of three women under arrest, testified at the inquest that the iron bar wrapped in paper and produced in evidence as the weapon with which Mr. Parks was killed had been kept at her place for sometime, and that Lassiter and McIntosh frequently carried it out.

The police are now satisfied that Lassiter is the one who dealt the murderous blow which resulted in the death of Mr. Parks. They declare that Lassiter was the leader in the plot hatched in the negro dive in Norfolk to make the murderous tour across Berkley ward. Lassiter is declared to be an old offender in Norfork. Former Sergeant of Detectives George M. Heppel says that he knew Lassiter well, and that he was an old housebreaker in Norfolk who has served time in the State penitentiary. McIntosh, went to Norfolk from Baltimore after, it alleged, having served a term in the Maryland state prison.

The recent robberies and murder in Berkley ward, have greatly stirred those whose business frequently keeps them out at night, and Judge Hanckel, of the Corporation Court, is just now being besieged with applications for permits to carry concealed weapons.

Mine Explosion.

A dispatch from Hinton, W. Va., says that about 45 men were killed in an explosion in the Whipple mine, owned by the White Oak Fuel Company, yesterday afternoon at 3:30 o'clock. At the time the explosion occurred there were 92 men in the mine, but 51 of these were able to reach the stairway in the air course and climb out.

A number of bodies have been recovered.

The explosion, while terrific, was not as great as the Stuart explosion, which occurred January 29, resulting in the death of 80 men. Those who escaped say the damage to the mine is not heavy and the work of removing the dead will not be so difficult as in former shaft explosions.

The Whipple mine is reached by a shaft 446 feet deep and is equipped with an air course shaft, which accounts for the escape of a majority of the men. When the explosion occurred those who were only slightly injured managed to reach the air shaft, and, by means of the stairway, climbed to the surface.

The mine is one of the best equipped in the New River field. It has been operated about four years, and was thought to be perfectly safe. So far the cause of the explosion is unknown, but some of the experienced miners claim it was due to the accumulation of gas. The loss to the property will not be heavy as compared with that of former shaft explosions in this field.

Call at our store, please, for a free sample of Dr. Shoop's "Health Coffee." If real coffee disturbs your Stomach, your Heart or Kidneys, then try this Clever Coffee imitation. While Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not even a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by E. S. Leadbeater & Sons.

Steamships are Not Tied Up.

So far the resignations of the first and second officers of the Merchants and Miners' Transportation Company have not prevented the sailing of the company's steamers from Baltimore and other ports, and except in the case of the steamer New Orleans, which was delayed a few hours in its start for Savannah Friday afternoon, the boats have left on schedule time.

General Manager A. D. Stebbins, of the transportation company, said yesterday: "There is no change in the situation. Our men have resigned, and we have filled their places. We have sufficient officers to man all of our boats, and anticipate no delay in traffic. Regarding the talk that the mates will call out the captains, I do not believe that they will be able to do so.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. F. Creighton and Gibson & Timberman.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

CANDIDATES.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

I hereby announce my candidacy for the democratic nomination for Congress from the Eighth congressional district, and in so doing desire to say that if chosen at the forthcoming primary it shall be my constant aim and endeavor to represent faithfully the interests of the entire district.

In the course of the campaign I shall endeavor to address and meet as many of the voters as possible in order that we may get better acquainted with each other. I earnestly solicit the support of my fellow democrats.

Respectfully,
C. C. CARLIN.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

In a card addressed "To the People of the Eighth Congressional District of Virginia," and published in the press of the district and otherwise, I have heretofore announced my views on the questions of moment which now concern the public.

Adopting that card as a part of this announcement, I now formally announce myself a candidate for Congress from the Eighth congressional district of Virginia, subject to the action of the congressional primary to be held Wednesday, June 19th, 1907.

In the event that I shall be nominated and elected, it will be my earnest desire and ambition to be of service to my district, State and country, and to faithfully represent every interest, and to justify, by every exertion in my power, the confidence reposed in me and honor conferred on me by my fellow democrats.

Respectfully,
C. E. NICOL.
Manassas, Va., April 4, 1907.

TO THE VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT:

Having determined to become a candidate for the democratic nomination for Congress from the Eighth Congressional District, I respectfully solicit the support of the democratic voters of the district at the primary election to be held June 19th, 1907. If the people of the district shall deem me worthy of the high honor of bearing the democratic flag in the contest for Congress it shall be the ambition of my life to prove worthy of their confidence and support. Respectfully,

THURSDAY EVENING, MAY 2, 1907.

HINTS have come from Washington for some time that President Roosevelt is looking for reasons to justify him in withholding the admission of Oklahoma into the Union as a State. The question is now before the Attorney General of the United States, and it would be disappointing to the administration if the constitution of Oklahoma should not afford some pretext for this exclusion. Ever since the elections revealed that Oklahoma is democratic its prospects of admission, with five members of the House and seven votes in the electoral college for next President, have been growing more dim. The American people have become so familiar with the arbitrary acts of the President that they will not be at all surprised if he should make use of his power to exclude Oklahoma, at least until after the next year's election. On the contrary, too may of them will be ready with voice and pen to applaud their hero for such a stroke of his "policy."

A MONUMENT of General George B. McClellan was unveiled in Washington this evening. General McClellan was regarded by many soldiers in both the federal and Confederate armies as the ablest general who fought on the northern side. When he was in command of the federal forces, the Confederate army was in full vigor and better equipped than at any other time during the war, and would have whipped Grant or any other general who might have confronted it. General McClellan was not in favor with the administration and his being a democrat made his position that much more uncomfortable for him. He was early in the war relieved of his command which was given in turn to Pope, Hooker, Burnside, Meade and Grant, neither of whom could compare with McClellan as a military genius. Now, many years after his death, his true worth is beginning to dawn on the northern people.

THERE is now attached to the White House a military staff of twelve or fifteen officers of the army and navy. Before Mr. Roosevelt there were not more than two or three, and sometimes but one. It takes about forty policemen to guard the White House, and they have just been reinforced by "Pete," the bull dog that was sent into retirement for creating an international complication by driving Ambassador Jusserand up a tree. Concerning the incident the Philadelphia Record says: "How the thing is to be squared with France we do not know, but 'Pete' has been recalled from exile and put on duty—whether to drive off prowling newspaper men or conspiring plutocrats or to discourage the incessant visits of Secretary Garfield is in doubt."

COTTON acreage is a little larger than a year ago, according to reports collected by the New York Journal of Commerce, and in nearly every cotton State there is a small increase in the buying of fertilizers. The cold April spoiled a good deal of the planting, but there is always some replanting, and not more than half the seeding is done by the end of April anyway, so that there is plenty of time to recover from any damage done last month. In Indian Territory the season is five days earlier than usual, but elsewhere it is from two to fifteen days late.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, May 2.

The following architects have been selected by Secretary Root, of the State Department, and John Barrett, Director of the Bureau of American Republics, to receive a bonus of $1,000 each for submitting plans for the magnificent new building for the Bureau of American Republics, to be erected in this city with the fund of $750,000 recently donated for that purpose by Andrew Carnegie. Hornblower & Masball, Washington, D. C., Wood, Donn & Deming, Washington, Carrere & Hastings, Cass Gilbert and Whitfield & King, New York; Eames & Young, St. Louis, Mo., Thomas R. Kimball, Omaha, Neb., Peabody & Stearns, Boston, Mass. Aside from these eight, 128 other architects in different parts of the country have signified their intentions of competing for three prizes which have been offered for the best plans, the prizes to be, first, $3,000, second, $2,000, and third, $1,000. The building will be constructed on the large plat of ground known as Van Ness Park, at the foot of Seventeenth Street northwest and the speedway, overlooking the Potomac. It will be two stories in height, of Spanish-American architecture, with a patio or court-yard in the center, build of stone, the material to be decided by the successful architect.

By a compromise arrangement the government has extended the time for the completion of the surveys of the Phillippine railroads from Sept. 12, 1907, to Sept. 12, 1908. Secretary Taft will, therefore, not be able to give the commission any advice it might require of him to secure the approval of the surveys when he visits the island this fall. He will have the satisfacion however, of seeing the work in progress. The total length of the lines will be about 426 miles.

From the Philippines comes the announcement that the English steamship company, the Blue Funnel lines will establish the longest route ever known to the history of the maritime world, as soon as the Panama Canal is completed. Steamers will run from Liverpool to New York, down the east coast of the United States to Colon, through the canal and up the western coast of the United States to Vancouver, thence to Japan, China and the Philippines, and through the Indian ocean to Suez and back to Liverpool. The Blue Funnel now claims to hold a record of long runs by its line from Liverpool, through the Suez, to the Orient and back.

The long deterred conference between the President and a delegation from the Central Federation Union, of New York City, appointed to protect against the President's references to Moyer and Haywood as "undesirable citizens," was held at the White House today. The members of the delegation were: Wm. A. Coakley, John S. Henry, and Morris Brown. They were with the President about twenty minutes. On leaving, they said that they had had a very pleasant interview. They declined, however, to discuss the details until after their report to the Union next Sunday. Later, it was announced at the White House that the President would send a special letter on the subject to be read at the meeting on Sunday. Today's interview was arranged by James B. Reynolds, the President's friend who was engaged with Commissioner of Labor Neill in the packing house investigation last winter.

Gen. C. R. Edwards, Chief of the Insular Bureau of the War Department, has been especially detailed by the Secretary of War to attend the unveiling of the statue to Brig. Gen. Henry W. Lawton, at Indianapolis on May 30. Gen. Edwards was Gen. Lawton's chief of staff at the time the latter was killed in the Phillipines, and caught him in his arms as he fell, shot through the breast by a Filipino bullet.

All that now stands between William January, of Kansas City, Mo., the American Valjean, and his liberty from the Lavenworth penitentiary is the attaching of the signature of the Attorney General to the recommendation for mercy and that of the President to the pardon, which has been agreed upon. In order to expediate action according to the President's idea, Attorney General Bonaparte has been summoned from his law office in Baltimore. If he does not delay a telegraphic message will be sent before nightfall to the warden of the prison directing him to release January at once.

Labor Day Demonstrations.

Over 1,000 persons were arrested in Paris in the numerous conflicts between the police and the demonstrators yesterday. It required cavalry to break up the disorderly demonstrations in Rome. Maxim Gorky, who was scheduled for a speech, failed to appear.

Eighty assemblages of socialists occurred in Berlin and the police had to close the doors of five halls owing to overcrowding.

In many cities and towns of Russia there was a complete cessation from work, even the street cars in several instances being stopped.

While there were many strikes and labor day parades throughout Europe, there were few cases of serious violence.

With "The Marseillaise" as their marching hymn, more than 6,000 socialist and labor unionists paraded through Brownsville and East New York yesterday to show their sympathy for Moyer, Haywood, and Pettibone, the labor leaders under indictment for the murder of Gov. Steunenberg, of Idaho. Every man wore a picture button of the accused men, and several large banners, picturing them as martyrs in a righteous cause, were also displayed. Red flags and American flags were equally in evidence.

A smiliar parade was made in Manhattan, the marchers, who wore red badges, finally assembling at Union Square, where several addresses were made. Red flags were in evidence, and before the speaking the band played "The Marseillaise." The speakers attacked the administration, and sought to arouse sympathy for Moyer, Haywood, and Pettibone.

There were no special May Day strikes, and the trouble on the various steamship lines seems likely to be adjusted early.

Several thousand houseworkers in New York have demanded more pay.

Twelve hundred boilermakers in 14 shops in Boston have struck for higher wages.

The Master Teamsters of Boston have asked for military protection from strikers.

Thirteen hundred carpenters in Newark, N. J., struck, 900 being granted the demands.

Eighteen hundred members of the Carmen's Union of San Francisco have ask for larger wages.

Six hundred men walked out and closed a big electric plant in Chicago.

Ironworkers in San Francisco to the number of 3,000 struck.

"Silent" Smith's Will.

Attorneys in New York representing relatives of James Henry Smith have been informed that he made a will distributing several million dollars by different bequests, but holding the larger part of his real estate intact for the benefit of one of the sons of his dead sister, Mrs. Mason.

With the exception of the residuary legacy to Mr. Mason, the largest bequest in the will is said to be one of $3,000,000 to Mr. Smith's sister, Lady Mary Cooper, who came to this country with her husband, Sir George Cooper, immediately after Mr. Smith's death. The will is said to give $2,000,000 to his widow. All the other special bequests are much smaller.

Those who have seen the will express surprise that Mr. Smith did not give a substantial fortune to his step-daughter, Miss Anita Stewart.

Lawyers interested express the opinion that Mr. Smith's residuary legatee will receive a larger sum than he himself inherited about eight years ago—$55,000,000—as most of his securities have increased in value.

With the reading of the will later on the same day, the lawyers say, a man hitherto in modest circumstances will suddenly be placed in the ranks of the wealthiest American multi-millionaires, with possibly $70,000,000 at his command and with an opportunity to compromise with malcontents if he wishes to keep the estate out of the courts.

Arrested in Philadelphia on the charge of vagrancy today John Dempsey, 20 years old, of Pottsville, attempted suicide in a cell at the police station by gashing his throat with a razor. He was caught in the act by Turnkey Lord and hurried to the Presbyterian hospital where it is thought he will die.

News of the Day.

A dispatch from Spring Valley, Ill., says there has been no change for the worse in the case of John Mitchell. He is still very weak, and sleeps but little on account of pains and soreness resulting from the operation.

A strike of the pressmen on all but one of the big St. Louis dailies at noon today tied up the town and left it without one metropolitan newspaper. International officers ordered them not to strike and now threaten to revoke their charter.

With a view to placing the blame for the accident, the coroner's jury began its investigation last night in Baltimore into the collapse of the new pier of the Baltimore and Ohio Railroad on Saturday, which resulted in the death of eight persons and injury to a number of others.

Mr. Reverdy Johnson, the last surviving member of the original board of trustees of the Johns Hopkins University, is a patient at the Johns Hopkins Hospital, Baltimore. Mr. Johnson is in his eighty-second year, and his health has become greatly impaired. He is a brother of the late Mrs. Henry Daingerfield, of this city.

Mabelle Gilman, the actress, who got back to the United States yesterday, gave out a brief statement in New York yesterday afternoon to the effect that she was to be married to William Ellis Corey, the steel man, on May 13, and that although in general she did not think that her affairs were the public's, she would transgress her rule for once to give out that information.

At the home of Tom Phurrough, who lives near Anniston, Ala., a bolt of lighting struck the wall of the house. A shotgun was hanging in a rack on the wall. The weapon was loaded and the bolt jostled the gun from the rack and fired it while in midair. The entire contents of the gun lodged in the body of an infant child of Phurrough which was playing around the room, killing it instantly.

The balloon America, bearing J. C. McCoy, of New York, and Capt Charles de F. Chandler, U. S. A., landed easily five miles north of Golconda, Ill., at 2:30 o'clock yesterday afternoon after a voyage without accident. After leaving St. Louis the balloon was blown from Missouri to Arkansas, back to Illinois, then to Indiana, and again to Missouri. The baloon failed to break Lieut. Lahm's record.

The monthly circulation statement issued by the Comptroller of the Currency shows that at the close of business April 30 the amount of national bank notes outstanding was $599,913,840, an increase for the year of $43,267,558, and an increase for the month of $2,701,777. The amount of circulation based on United States bonds was $550,204,771, which is an increase for the year of $35,781,252, and an increase for the month of $2,571,708. The amount of circulation secured by lawful money was $49,709,069, an increase for the year of $7,486,306, an increase for the month of $130, 969.

Train No. 716, the fast flyer, north bound on the Ohio river division of the Baltimore and Ohio, was wrecked yesterday afternoon at Pleasant View, three miles south of Ravensworth, W. Va. Three persons were fatally injured, four seriously injured, and twelve injured so that physicians' attentions were necessary. The wreck was caused by a defective rail, it is supposed. The entire train, except the engine, left the track and the three rear coaches turned over and rolled down an embankment. Nearly all the injured were in those coaches. The wreck occurred while the train was running sixty miles an hour. The tender of the engine left the track first, and was followed over an embankment by three of the five coaches.

Admit Dynamiting Church.

There was a sensation in the Criminal Court in Wilkes-Barre, Pa., yesterday when Stephen Savage confessed on the witness stand that he was one of the men who wrecked the Welsh Congregational Church, at Edwardsville, near Wilkes-Barre, two years ago by dynamite.

Savage and Joseph Chunowsky were arrested sometime ago, charged with the crime. According to Savage's confession, he and Chunowsky met in a saloon in Edwardsville, where they were told by two men that if they destroyed the church they would receive $125, which money, it was alleged, was to be paid by certain saloonkeepers who had been refused liquor licenses by the court.

In order to get the money Savage claimed that he and Chunowsky went to the church with several sticks of dynamite and placed them under the front part of the building. Savage said he was too drunk to get over a fence near by, but that Chunowsky did so and lighted the fuse.

In his testimony Chunowsky denied most emphatically the statement made by Savage. He claimed that he knew nothing about the explosion until sometime after it had occurred.

Shot by His Brother.

A distressing accident occurred yesterday afternoon near Lively, Lancaster county. Dewey Webb, aged nine years, shot his brother, Randolph, Webb, 10 years old, in the head, nearly tearing the head from the body. The affair occurred in the barn of James Norris, a neighbor of Ben Webb, the father of the children. Mr. Norris had the gun at the barn to shoot crows, and the boys were playing in the yard, when they entered the building. Dewey, taking up the gun, which he did not know was loaded, called to Randolph that he was going to shoot. He immediately fired. Mr. Norris, who was only a few feet distant, narrowly escaped being shot.

RHEUMATISM CAN BE CURED.

That rheumatism is one of the most obstinate of diseases most physicians will declare, and that once it takes firm hold upon the human system its victim is in for a period of great suffering is equally true. Modern methods in medicine are, however, doing much to rob rheumatism of its terrors, and doctors of wide experience say that in the treatment of the disease great success follows the faithful use of these prescriptions: Have a good druggist prepare anti-rheumatic tablets composed of 2½ grains Sodium Bicarbonate, 3 grains Salicylic Acid and 1 minim Wine of Colchicum. Take one of these tablets before each meal, following it immediately with a glass of water. After each meal take one tablespoonful of a preparation of 1-4 oz. Fluid Extract of Buchu, 1 dram Fluid Extract of Horse Nettle, 1 oz. Amet Cordial, 1-4 oz. Fluid Extract of Liverwort and 14 ozs. water. Any first-class pharmacy can compound these prescriptions. The treatment, which should be continued for a month, is reported to work wonders, even in cases that have resisted other medicines.

Virginia News.

A marriage license was issued in Washington yesterday to William A. Hall, of Gambrill, and Blanche V. Curren, of Burke.

Mrs. Delight Smith, widow of George Smith, died Tuesday at her home at Boyce, Clarke county, after a lingering illness, aged seventy-three years.

A meeting of the State proxies of the Richmond, Fredericksburg and Potomac Railroad Company has been called to meet in Fredericksburg Saturday, May 4. The meeting will be private.

William Stevens, of King George county, who was injured in the sawmill of Lewis Stevens, in Spottsylvania county, died Monday and his remains were taken to his home for interment. He was 21 years old and is survived by his mother.

Captain John da Roca, fourteen seamen, and a colored stowaway, of the Portuguese bark Oriente, who left the bark when that vessel stranded Saturday night off Nags Head Life-saving Station, on the North Carolina coast, were saved from the sea as the lifeboat in which they had taken refuge was sinking. The captain and men were landed at Norfolk yesterday evening by the fishing smack Lilla B. Fernald, Capt. Carl Altmann.

Insurance Company Sound.

In an opinion handed down yesterday, the State Corporation Commission rejected the report of S. H. Wolfe, of New York, consulting actuary of the Life Insurance Company of Virginia, at whose instance an investigation of the affairs of that company were instituted. In handing down its opinion the commission orders that the records of the hearing before the commission shall be kept as the only true statement of the affairs of the company to the present date.

On April 10 Insurance Commissioner Button transmitted to the commission a communication signed by him, submitting a report made to him by Wolfe, after an examination of the Life Insurance Company of Virginia, and a sworn examination of officials of that company.

On April 19 the company applied to the commission for permission to file an answer to the report of examination and asked to be heard thereon. The hearing was held April 24, only the counsel of the commission, the directors of the company, the insurance commissioner and the consulting actuary being present. D. P. Fachler, consulting actuary; J. S. Davenport, actuary of the company, and Thomas Bouder, expert accountant, were examined and cross-examined by the commission.

Submarine Boat Flukes.

The first trial in the submarine boat contest for Uncle Sam's $3,000,000 contract met with failure at Newport, R. I., yesterday. On the flip of a coin it was determined that the Holland-type boat Octopus should be the first to try her cunning before Captain Marix and his fellow naval experts. During the tuning up, however, a cam-bracket on the port engine of the Octopus broke and she was forced to limp back to her slip at the tropedo station under the propulsion of her electric motors.

The accident is not one that counts for much other than delay, and all will be right again in two or three days.

The naval board has notified the commanders of the two competing craft that they may do any stunts they consider desirable for this type of war vessels in action. This invitation has been accepted by both boat crews, and many novel capers are expected.

So far as can be learned, there are no volunteers among the naval officers for the 24-hour submergence test, even though a chef will be taken down to cook the meals.

To Succeed Judge Crump.

Judge Robert R. Prentis, of Suffolk, will be named by Gov. Swanson as a member of the State Corporation Commission to succeed Judge Beverly T. Crump, of Richmond, who will retire about May 10th.

This announcement was made officially by the Governor last night. It had been previously stated upon the same authority that Judge Wm. F. Rhea, of Bristol, would be the man. Last night, however, Gov. Swanson said he had tendered the position to Judge Rhea, but the latter had written him a letter stating that before the offer reached him he had made some legal engagements which it would not be proper for him to abandon at this time. He was therefore constrained to decline and await the next vacancy, which will occur upon the retirement of Commissioner Henry C. Stuart next February. Judge Rhea writes the Governor that he had arranged his plans with reference to accepting the place now held by the southwest member of the commission.

To Fight Tuberculosis.

The most important step recently taken by the health commission in its fight against tuberculosis was made known yesterday when Dr. E. C. Levy, chief health officer, of Richmond, announced that a tuberculosis dispensary will be established in that city within a short time. The health commission has intrusted the details of the matter to a committee composed of Drs. Garcin and Hoge and Commissioner James E. Phillips. This committee will meet with Dr. Levy one day this week, when plans for the dispensary will be arranged and recommended to the commission for approval. The location for the dispensary for consumptives is yet to be decided upon.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Monument to McClellan.

Washington, D. C., May 2.—With hundreds of war veterans and the diplomatic and military representatives of foreign nations as guests of honor, the government this afternoon unveiled the magnificent equestrian statute of Major General George B. McClellan. President Roosevelt delivered the principal address, and Major General Daniel E. Sickles and Major General O. O. Howard contributed their share of oratory as a tribute to the leader with whom they associated in the days of the early sixties. The President was escorted from the White House by a squadron of cavalry from Fort Myer, Va. It was through the efforts of the Society of the Army of the Potomac that funds were raised and the appropriation secured from Congress for the erection of the statute, and so it was that Brigadier General Henry C. Dwight, president of the society, conducted the unveiling ceremonies. Bishop Satterlee, of Washington, delivered the invocation; Gen. Horatio C. King, record secretary of the Society, gave a brief history of the statue, and then Dr. George McClellan, of Philadelphia, a nephew of General McClellan, pulled aside the flags that revealed the bronze likeness of the leader on his prancing horse. The Fourth Battery, U. S. field artillery, boomed forth a major general's salute of 13 guns, and the band struck up the Star Spangled Banner. Down Columbia road, with General J. Franklin Bell, chief of staff of the army, at their head, came a large detachment of United States troops with two bands of music to pass in review.

Then came the National Guard of the District of Columbia, and in the last division the organized militia of the State of New Jersey from which State McClellan was sent to West Point. The President then delivered an extemporaneous address. Following the President's remarks Generals Sickles and Howard delivered addresses extolling McClellan's ability as a soldier and his virtues as a man. Among the visitors in the grand stands surrounding the statue was Mayor McClellan, of New York, a son of the general.

The statue is located on an eminence at the intersection of Connecticut avenue and Columbia Road. It faces the south. It was designed by Frank Mac Monnies who modelled the figure from photographs and from articles of dress worn by the warrier.

Mr. Bryan in New Jersey.

Newark, N. J., May 2.—William J. Bryan spoke at 12:45 o'clock this morning in Krueger's Auditorium to an audience of 500 persons. As Mr. Bryan entered the building every one of the 500, men and women who had waited for his coming many hours, arose to their feet and cheered.

He began by saying that if he started out by making a non-partisan speech, President Roosevelt immediately made the same kind of a speech, whereupon the speech immediately became partisan.

He referred to the President as putting democratic policies in force and said he was glad to see what he had advocated for years at last put in practice.

He was glad to join with democrats and republicans who were more interested in carrying out an idea than in winning a barren victory. He thought it was a good sign to a conflict which was going on in the republican party between the stand-patters and the reformers. He had gained a good idea of the value of harmony through the lack of it in his own party.

Both radical and conservative parties were necessary, he said. The radical to propose, the conservative to investigate. Finally the radical dragged the conservative on. Progress is between two extremes. The radicals in the republican party would win. There was only one place for a stand-patter, and that was in the grave.

At the close of Mr. Bryan's address, the hall shook again to resounding cheers and the men and women in the audience pressed forward to the platform in a tumbling mass to shake hands with the man whose oratory had thrilled them. For over half an hour Mr. Bryan shook hands with them. Then he was whisked away in Senator Colby's automobile with Mr. Colby, Col. Harry Walker, and Alden Freeman, to the home of the last named, where he spent the night.

Trouble with Prisoners.

St. Petersburg, May 2.— A serious outbreak, the direct result of the Douma's action on Monday in abolishing drumhead courts martial, occurred today in the prison in the Vibourg quarter of the city. The prisoners created a demunstration and refused to obey the guards until soldiers were called in. They fired on the prisoners and one was killed and many wounded by the volley.

News of the Douma's action crept into the prison and emboldened the prisoners, many of whom are confined for political offenses. Today red flags were hung out of the windows and a demostration was started in the court yard. The prisoners flatly refused to disperse. Then troops were called in and fired on the assembled mutineers.

The Baroness de Massey Case.

New York, May 2.—Baroness Amisia Louise de Massey is expected to know before night her fate at the hands of the jury which is trying her on the charge of murdering Gustav Simon, the Broadway shirt waist manufacturer. The taking of evidence in the case was completed last night and today was set for arguments of attorneys.

LETTER TO CHARLES FRINKS,

Alexandria, Virginia.

Dear Sir: You've got 200 cows; how much will you take for calves and milk of 100 of 'em next year—you pick out the 100?

How much for the other 100?

The point is: cows are not all alike, and you know which is which.

It is so with paint. You've got one best cow in that herd. There are 200 different paints in the United States; and one best. You know your best cow; we know the best paint.

The best cow is the one that gives the best calves and milk. The best paint is the one that covers most surface and stays there longest—neither paint nor cow goes by color—nobody asks whether Holstein or Jersey is better to look at.

10 gallons Devoe will cover your barn and wear 10 years; it'll take 15 of another paint, and that paint'll wear 5 years.

Reckon costs. Devoe: 10 gallons $1.75, $17.50; about 10 days' work $3, $30; the job, $47.50 for ten years; $4.75 a year. The other: 15 gallons $1.60, $24; about 15 days' work $3, $45; the job, $69 for five years; $13.80 a year. Devoe $4.75 a year; the other $13.80 a year; Difference $9 a year.

That's how to reckon cows and paint.

Yours truly,

F W DEVOE & Co.

35 New York.

Mexico and Guatemala.

Mexico City, May 2.—Mexico is ready to declare war upon Guatemala at any moment. The relations between the two governments have become so strained that it is felt such a declaration is imminent. Over 10,000 Mexican troops are mobilized near the Guatemala border and if war is declared they will strike quickly and vigorously. To add to the seriousness of the situation, caused by the dispute over the extradition of General Lima, wanted in Mexico to answer to the charge of conspiring to bring about the assassination of former President Barillas, of Guatemala, insults are reported to be offered daily to Mexican citizens in Guatemala. It is claimed by the Mexican authorities that they have absolute proof that General Lima incited Barillas' assassination, and they do not propose to allow him to escape punishment.

Letters received today state that Mexico's preparations for war promise to involve President Cabrara in serious difficulty at home. A revolution is said to threaten him. Even before the Lima incident revolutionists were plotting his overthrow.

December and May.

Bridgeton, N. J., May 2.—In the presence of thirty guests, Rev. Heber H. Beadle, pastor of the Second Presbyterian Church, united in marriage Lewis H. Dowdney and Miss Ann Fithian, a sister of his former wife, who died years ago. The groom is 86 years old, while the blushing bride is 74. Attending the couple as best man was Admiral Edwin Fithian, 84 years old, and his wife was bridesmaid. The bridegroom is well known, being for years superintendent of the New Jersey Southern Railroad, sheriff of the county for a term and tax collector of this city.

Salem, N. J., May 2.—Citizens had a surprise sprung on them Tuesday in the marriage of former Freeholder John S. Redstrake and Miss Hannah Dixon. The groom, a widower about 67 years old, is one of the best-known citizens of Salem county, a great horseman and treasurer of the Horse Show and Athletic Association. The bride has been employed for six years as night operator at the Bell Telephone Exchange.

Dead Jilted Girl's Rag Doll.

Sayre, Pa., May 2.—With a rag-doll clasped to her shroud, emblematic of the inherent mother-love that lurked in her heart and pulsated through her disordered brain, Grace Lee, of Litchfield, Pa., lies in a white casket, a victim of the cruel wheels of a Lehigh Valley train. Miss Lee, who was 23 years of age, during her youth showed unusual artistic talent. Her father, who is a wealthy farmer, sent her to school at Athens, Pa., where she became unusually proficient as a violinist and developed rare talent as a musician. During her school life she become enamored of a youth but, when her affections were unrequited she developed a brain affection. Since then her life has been a pathetic one, and she has occasionally wandered from home, as she did yesterday, when the train struck and killed her, with the rag-doll clasped to her breast.

Panic in a Textile Mill.

Philadelphia, May 2.—Nearly a hundred girls penned in the upper floors of the textile mill of Francis A. Bruner, had perilous experiences when flames attacked the four-story structure today. The fire was discovered on the second floor which was used for storage of yarn and spread rapidly. The operatives had just settled themselves for their day's labor, and the alarm of fire created a panic among them. Those working on the second floor had little difficulty in leaving the building. On the third and fourth floors were over a hundred girls and in their escape from the dense smoke that confronted them several girls were thrown down and trampled upon. The police and employes from other mills succeeded in restoring order, and the operatives were got out without serious injury.

Attacked by a Negro.

Philadelphia, May 2.—As the result of a battle with a colored man while on her way to her home at Wenona, N. J., from this city, last evening Miss Dorothy Harris 19 years old, a student of Friends School, this city, is today confined to her bed in a serious condition. Her face and hands are badly cut, and her body is a mass of bruises. Edward Gibson, her assailant, was today arraigned before Justice of the Peace Williams, at Woodbury, where he was taken after he was captured. The assault took place about 8:45 o'clock last evening on a vacant lot where she was followed by the colored man, who caught her and threw her to the ground, beating her and trying to choke her into insensibility.

Will Not File Articles of Impeachment.

Chicago, May 2.—Chicago labor has decided to abandon its plan to file articles of impeachment against President Roosevelt. The legal committee appointed to advise the union today expressed the opinion that it would be worse than useless to attempt to proceed against the President at this time when the Senate is filled with his political associates and dependents. Instead of impeachment of 10,000 workingmen last night adopted an open letter "to the public and general and the workingmen is class specially," criticising the President and other officials and pledging their support to Moyer, Haywood, and Pettibone.

School of Herring.

Baltimore, May 2.—Schools of herring moved into the headwaters of the Chesapeake Bay to spawn, are now so thick that they dam the rivers and rowboats cannot get through them. James Maddox, a fisherman, was caught in the midst of a large school of herring in the Gunpowder river and he says his boat was fairly carried along on the backs of the fish. According to Maddox, despite his efforts at the oars, he was carried nearly a mile out of his course before he succeeded in extracting his boat from the school. In one haul of a big 600-fathom seine so many herring were surrounded that it was impossible to land the seine.

The West Virginia Mine Disaster.

Charlestown, W. Va., May 2.—Reports from the Whipple mines say that every one of the fifty-four miners in the shaft when the explosion occurred has been accounted for, and the death list reached eleven.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at E. S. Leadbeater & Son's, drug store.

Audience with the Pope.

Rome, May 2.—Bishop John J. Monaghan, of Wilmington, Del., who was received in audience today by Pope Pius, had a long talk with the pontiff in regard to the church situation in France. In the course of their talk, the Pope remarked smilingly, "I know that Premier Clemenceau has already repented of his attitude toward the Vatican, and very shortly everyone will see M. Clemencesu in a position like that of the dragon after his fight with St. George."

The Moyer and Haywood Trial.

Boise, Idaho, May 2.—There will be no further postponement of the trials of the officials of the Western Federation of Miners, and the Moyer and Haywood, trial will begin here next Thursday. All admit that the Haywood trial will be a matter of months, probably at least four, while if certain lines of testimony are allowed the defense, the proceedings promise to be almost endless. Men connected with the case say it will take at least a month to get a jury.

Shot Woman and Himself

St. Louis, May 2.—Albert Koenig, a lineman, shot Nettie Wood twice early today and then put a bullet into his own head. Both are mortally wounded. Koenig gained entrance to the woman's room by climbing the porch and forcing a window. He then dragged her from her bed and shot her. An open knife found under the woman's pillow indicated she feared violence and rumors state that Koenig had several times threatened to kill her.

Searching for Elopers.

New York, May 2.—Believing that Rev. John Knode Cooke, pastor of St. George's Episcopal Church of Hempstead, L. I., was insane when he eloped on Monday with Floretta Wheley, a seventeen year old heiress, deserting his wife and parish for the girl, a search for the missing couple was started today which will extend all over the country. Messages have also been sent to Europe to watch all steamers arriving there during the next few weeks.

Murder in Chicago

Chicago, May 2.—Three men are under arrest following the murder early today of Charles Lindley, son of a former superintendent of the Illinois Steel Company. The one shot pierced Lindley's heart. The dragnet had been thrown by the police to all witnesses to the affair. Witnesses declared that Lindley with four companions clashed with a like number of foreigners and the shooting resulted.

Dixie Flyer Wrecked.

Atlanta, Ga., May 2.—A bad smash-up occurred today on the Central of Georgia Railroad at Orchard Hill, forty miles from this city. The Dixie Flyer, one of the fastest trains on the road, was wrecked, and while details are lacking, it is stated one person was killed outright and a number were hurt. Several of the injured are in a serious condition and it is feared the death list will grow.

Negro Ravishers Sentenced.

Westchester, Pa., May 2.—William Nelson and Harry Bailey, negroes, were given ten year sentences in the penitentiary today for assaulting white women. Nelson was assessed an additional $200 fine. He repeatedly assaulted an orphan white girl named Kate Byerly, aged 15. Bailey's crime was an assault on an aged white woman named Purcell.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by. W. F. Creighton and Gibson and Timberman.

DIED.

At his residence, No. 433 north Columbus street, at 9:20 p. m., Wednesday, May 1, 1907, ANDREW SCHWARZMANN, aged 72 years. Funeral Sunday afternoon at 3 o'clock. Interment in Bethel cemetery. Relatives and friends of the family are respectfully invited.

IN MEMORIAM.

Died one year ago today, May 2, 1906, FREDERICK M. KROUNSE.

Dearest brother thou has left us,
I thy loss most deeply feel.
But I hope that thou will be accepted
In a better field.

Cheap Ferry Service.

A five-cent fare is again in operation between Alexandria and Washington, and it remains to be seen whether the promoters of this cut in rates will meet with the encouragement they expect from the traveling community. At different times during the past half century the fare on certain ferryboats running between Alexandria and Washington has been materially reduced, and steamers, in order to run off opposition boats, have transported passengers between the two cities free. In the early fifties, during the rivalry between the steamers George Washington, Thomas Collyer, Joe Johnson and other boats, the fare was reduced to 6¼ cents, but later on, when the Collyer and George Page were the only boats on the line, the cost of transporation was placed at 12½ cents. During the civil war a number of steamers ran on the Alexandria and Washington ferry route. The steamer Fulton for a short time, in order to crowd out a competiting boat, carried passengers gratis. Later on the steamer Young America instituted a five-cent service between the two cities. A few years ago the steamer Florence was put on the ferry line and the fare was again reduced to five cents. It is said that the Norfolk and Washington steamboat company will, should their enterprise meet expectations, place another ferryboat on the route. A permanent five-cent fare between Alexandria and Washington will doubtless prove a desideratum to the many compelled to travel between the two cities.

Prices of Fish.

Shad were quoted in market this morning at 40a50 for roe, and at 25a30 for buck. Shad caught by gillers are sold on the streets at 30 cents for roe and 20a25 cents for buck. Herring were scare this morning and were quoted at $4 per thousand.

One of the greatest runs of herring in Maryland waters in many years, according to reports from various sections, is now on. For a week large schools of the fish have been moving toward the headwaters of the fresh water streams in the upper part of the bay until every waterway of the Patapsco is fairly alive with the members of the finny tribe. Fishermen are catching herring by the thousands and the markets are becoming glutted with the fish. In many sections farmers have gone into the herring-catching business, and are using the results of their heavy captures for fertilizer purposes, hauling the fish from the shore to the fields, where they are broadcasted and plowed under.

River Notes.

Capt. C. B. Milburn, former commander of the ferry steamers Callahan and Woodbury has taken command of the ferry steamer Lackawanna on the Washington-Alexandria route.

Capt. Frank Phillips, who brought the Lackawanna here from New York, and who has been in command of the steamer since she has been on the ferry route, has been sent to Hampton roads to take charge of the steamer Callahan, formerly of the Washington and Alexandria ferry line.

The third torpedo flotilla of the navy, consisting of the torpedo boats DeLong, Wilkes, Blakely, Stringham and Stockton, which passed up the river yesterday are lying off the Washington Barracks Park. It is understood that the vessels will remain in Washington until Friday morning in order to allow a special naval board to make a thorough inspection of each vessel.

The brig-rigged steam yacht Columbia, of New York, passed up the river this morning.

Will Not Apply for License.

The barroom in the City Hotel, or an annex of that historic hostelry, is to pass away. Mr. Frederick Schwab, who has for many years conducted the saloon in the building connected with the hotel, will not apply for a license this year. The City Hotel was up to about a third of a century ago a prominent and well-patronized Alexandria public house. During the seventies the main building ceased to be used for hotel purposes, and the upper floors were converted into a tenement house, while the lower portion was used for commercial purposes. A barroom, however, continued to be conducted in an annex, and now that will soon be numbered with the things of the past. The career of the City Hotel extends back for nearly a century. In bygone years it was a busy place, being at times crowded with guests. The billiard room in the basement was a well-patronized resort.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

William Oliver, charged with vagrancy, was sentenced to the chain gang for 20 days.

John Mitchell, charged with a similar offense, was dismissed upon promising to leave the city.

Richard Broders, colored, charged with stealing wire from the W., A. & M. V. R. W. Co., was fined $10.

John Johnson, colored, charged with disorderly conduct, was dismissed, and Jennie Nelson, colored, charged with a similar offense and with loitering about a saloon in the northeastern section of the city, was fined $5.

A white man, charged with defacing property was dismissed upon the payment of damages.

Titles to Real Estate.

The Virginia Realty Title Corporation which was incorporated about twelve months ago to furnish certificates and issue titles to real estate in Virginia, with offices in Washington, D. C., and at Alexandria Court House, has, as advertised in the Gazette, opened an office in this city at 117 north Fairfax street, with Mr. Howard Smith as local attorney. This company has a complete set of records to real estate dating back to 1742 to all property in the city and county of Alexandria and has been conducting a successful business since its organization.

Deaths.

Mr. Andrew Schwarzmann, who had recently been critically ill, died at his residence, No. 433 north Columbus street, last night. The deceased leaves a widow and eleven children, six sons and five daughters, all of whom were at his bedside when he died. Mr. Schwarzmann was born in Wurtenberg, Germany, 72 years ago. He came to the United States in early life and located in Philadelphia, and about 18 years ago removed to Alexandria, where he had since resided. He had made many friends and acquaintances since he took up his residence here. Six of Mr. Schwarzmann's sons are connected with the glass industry of this city. Mrs. Wm. H. Cook, Mrs. John Hayes and Mrs. Wm. Driscoll are daughters of the deceased.

Mr. William Murphy, of this city, died at the alms house at an early hour this morning. The deceased was 52 years old. He was a painter by occupation.

Mrs. Sarah E. Jasper, widow of J. W. Jasper, died in Washington yesterday. The interment will take place in Ivy Hill cemetery tomorrow afternoon.

John, the three-year-old son of Mr. Irvin R. and Mrs. Kate McCleary, died of membranous croup at his parents' home, yesterday.

Personal.

Mr. and Mrs. Whitman Rathbone Smith and small son will leave for their home, Sheba, Ontario, tomorrow morning. Mr. and Mrs. Smith entertained at dinner last night at the home of Mrs. Smith's mother, Mrs. Kate Waller Barrett, on Duke street. Covers were laid for ten. Their guests, who were members of their wedding party, which took place a year ago, were Misses Bessie Herbert, Lucy Douglas and Lila Barrett and Messrs. Richard Chichester, Harry Beverley, Taylor Burke, James Douglas and Charley Barrett.

Mrs. Ross Elliott entertained at a delightful tea yesterday afternoon at her home on Cameron street, in honor of her sister, Mrs. Luckett. Miss Lucy Douglas and Miss Cecelia Harlow served tea.

Miss Bessie Herbert, of Seminary Hill, and Miss Lila Barrett have returned from a short visit to Norfolk and Cape Henry, Virginia, where they went to attend the exposition.

Reception to Pastor.

The congregation of the Methodist Protestant Church will tender a reception to Rev. G. I. Humphreys, who has been assigned to the church in this city, tomorrow night. The following will be the order of exercises: Address of welcome on behalf of the Ministerial Association, Rev. Edgar Carpenter; solo, Kenneth W. Ogden; address on behalf of the church, J. H. Trimyer; response, Rev. G. I. Humphreys; vocal quartette—Anna, Hattie, Ervin and Raymond Padgett. The ministers of all denominations are cordially invited to be present as well as the public in general.

Property Sales.

Mr. John D. Normoyle, real estate agent, has sold for Mr. Thomas B Murphy, the three-story brick dwelling No. 111 north Alfred street to Mr. Egbert A. Thompson, of Fairfax county, who has recently moved in said house.

Also for Mr. Hugh L. Strider three building lots in the square bounded by Henry, Queen, Fayette and Cameron streets, to Mr. Jonathan Matthews.

Mrs. Annie Bradfield has sold to Mrs. Callie F. Newton, a house and lot on the north side of King street between Fayette and Henry.

The Midgets Case.

Messrs. Brumback & Smith are engaged in preparing the bill of exceptions to be presented to the Court of Appeals in the case of George Midgets, colored, who has been sentenced to be hanged in this city on the 24th instant for the murder of Charles T. Smith.

Should a writ of error be issued by the Court of Appeals in this case, it will be the first one of a criminal nature since Judge Barley has presided over the Corporation Court. He assumed the position in December, 1902.

Fined for Assault.

A young man of this city was given a hearing yesterday evening before Justice Burrell, in the county, on the charge of assaulting a conductor on an electric car between this city and Washington last Sunday, and a fine of $17.55, including costs, was imposed. Three men had been cited to appear and answer the charge of assault, but the plantiff made complaint against but one during the trial.

Council of Jewish Women

The last and most successful social session of the season was held by the Council of Jewish Women at their synagogue on north Washington street last Monday night. Rabbi Simons of Washington, gave a very appropriate lecture on Jewish suffrage in Russia, and elsewhere. At the conclusion of a most enjoyable musical programme, refreshments were served.

Disorder on King Street.

Some excitement was caused on King street last night by disorderly conduct on the part of several men during which a large pane of glass in a window of a public house was broken. One man was arrested and taken before the Police Court this morning. He was dismissed upon paying for the glass.

School Examination.

The examination of applicants for positions as public school teachers was commenced by Superintendent Kemper this morning at Peabody building and will last three days. There were four applicants—one white female and one colored male and two colored females.

Mr. Smith's Horse.

At Pimlico Races, on Tuesday, April 30, the steeplechase was won by "Rocket," owned and run by Mr. Courtland H. Smith, of Alexandria county, and on yesterday his "Sir Tristram" also won in the steeplechase run on that day.

For Pure Milk.

Stringent recommendations for the purification of the District milk supply were made yesterday to the milk commission by its committee on sanitation, at the commission's third meeting, held at the District building. The enforcement of the proposed regulations will, the committee asserts, greatly decrease the possibility of infection.

The recommendations, which were unanimously approved, are as follows:

That all cows on dairy farms producing milk for the District of Columbia be tagged, tattooed or otherwise marked, for purposes of identification.

That all milk produced on such dairy farms shall come from either tuberculin tested cattle, which shall be retested at least once a year, or be subjected to pasteurization under the supervision of the health department in case the herd is not tuberculin tested.

That no additions to any herd, whether tested or not tested, shall be made in the future without subjecting such cattle to the tuberculin test.

That no license shall in future be granted except to applicants having herds free of tuberculosis.

That the milk of cattle showing udder affections, anthrax, rabies, gastro-enteritis, septic conditions, or clinical symptoms of tuberculosis, shall not be utilized as human food, even though the milk be pasteurized.

That the veterinary inspectors of the health department make frequent visits to dairies having untested herds, in order that they may discover all advanced cases of tuberculosis, or udder tuberculosis, as early as possible.

J. E. Burgesson, owner of a restaurant in Chicago killed his cook, Alfred Beaumont, today, while the place was filled with patrons. Beaumont had been drinking and quarrelled with Burgesson in the kitchen. As Burgesson turned to leave the cook thrust a knife into his back.

Relief from Rheumatic Pains.

"I suffered with erhumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

Deaths from Railroad Accidents.

The three months ended December 31 last was, with one exception, the worst in the history of railroading as far as deaths from accidents were concerned, 180 passengers being killed in that quarter.

Three wrecks were responsible for 143 of the deaths, of which the collision at Terra Cotta, near Washington, between a passenger train and a train of empty coaches, contributed 43 deaths and 63 injured.

The total of 474 passengers and railway employes killed in accidents was an increase of 207 over those for the preceding quarter, while including deaths and injuries, which aggregated 20,844, the increase was 1,094.

The collisions involving 391 passenger and 1,935 freight trains, and derailments of 190 and 1,549, respectively, destroyed or injured engines, cars and roadbed to the extent of $8,099,228.

The statistics given do not include deaths of employes killed in coupling cars, which numbered 84.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by W. F. Creighton and Gibson & Timberman.

He Fought at Gettesburg.

Davis Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

Maj. Biddle Transferred.

By order of the President, Maj. John Biddle, Corps of Engineers, U. S. A., has been relieved from duty as Engineer Commissioner of the District of Columbia, and Capt. J. Jay Morrow, of the same branch of the service, and at present Assistant Engineer Commissioner, has been detailed as his successor. The exact date upon which Maj. Biddle will retire has not been definitely determined, but it is understood that it will be upon his return from a trip of inspection of the school buildings of New York and Rhode Island.

By order of the War Department, Maj. Biddle, upon his relief from duty as Engineer Commissioner, will proceed to San Francisco, Cal., and relieve Maj. William W. Harts, Corps of Engineers, of the river and harbor duties in his charge, together with the money, records and property pertaining thereto. He will also report to the commanding general for duty as chief engineer officer of that division, relieving Maj. Harts of that duty.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

FINANCIAL.

To know about a Bank when you decide to entrust it with your savings is its record for conservative management and the protection offered depositors by its capital stock. You will find the Virginia Safe Deposit & Trust Corporation a safe, sound and conservative institution, backed by successful business men and a directory composed of men who devote care and attention to its management. This institution is in every way progressive as its steady increase in deposits will indicate, its total resources amount to nearly $900,000, and its success is attributed largely to the fact that it has been liberal with its depositors. Why not open a savings account with us? We pay 3 PER CENT. interest compounded in our Savings Department and solicit your account however small the amount.
